What is Battle Royale?

Battle royale is a genre of video game that pits dozens or even hundreds of players against each other in a last-man-standing competition. Players start the game with nothing but the clothes on their backs and must scavenge for weapons, armor, and other resources to survive. The last player or team standing wins the match.

- Scavenge for weapons, armor, and other resources.
- Build structures to protect yourself and your team.
- Fight other players and teams.
- Stay within the safe zone.

The Major Battle Royale Games

There are a number of different battle royale games available, each with its own unique features and gameplay mechanics. Some of the most popular battle royale games include:

- Fortnite
